Dear Court Clerk

What are the true facts about asbestos litigation in Michigan? In fact, in the last four years, there has been one asbestos case tried to verdict in the entire State of Michigan. All other cases settle before trial. The crisis in the State of Michigan regarding asbestos litigation is the fact that big business, corporations, the asbestos industry and law firms like Dickinson Wright feel free to try to take working peoples' Lawsuits out of court and away from juries.

Please do the right thing and let workers with lung disease from asbestos their right to trial by jury.

Thank You Very Much

Dear Court Clerk

The Michigan Constitution as well as the United States Constitution makes it clear that judges are not to make the law but rather interpret the law.

Why is the Michigan Supreme Court even considering taking steps that would effectively change the law by denying Michigan asbestos disease victims their right to a jury trial.
